Job description

Assistant Nurses to SuomiCare Health Center

As a nurse at SuomiCare Health Center, you will have the opportunity to make a real difference in the lives of your patients. You will work with a team of dedicated professionals providing the highest standard of care in the Helsinki region. Your role as an Assistant Nurse is crucial in ensuring the well-being and health of the community. Collaborating with Registered Nurses and other healthcare experts, you will contribute to a holistic approach to patient care. The dynamic work environment at SuomiCare Health Center will allow you to apply your skills, compassion, and expertise to positively impact individuals and the broader community. We are committed to fostering a supportive workplace culture that values continuous learning and professional development, ensuring that you have the resources and opportunities to grow in your nursing career. Join us in our mission to promote health and well-being in Helsinki, Finland, and be a part of a compassionate healthcare team dedicated to making a meaningful difference in people's lives.

Responsibilities:**Patient Care:**

- Assist in providing high-quality nursing care to patients under the supervision of registered nurses.
- Monitor and record vital signs, symptoms, and other pertinent patient information.

Treatment Support:

- Administer medications and treatments as prescribed by healthcare providers.
- Assist in medical procedures and examinations, ensuring patient comfort and safety.

Documentation:

- Maintain accurate and up-to-date patient records.
- Document nursing interventions and observations in accordance with established protocols.

Collaboration:

- Work collaboratively with the healthcare team, including physicians, nurses, and support staff.
- Communicate effectively with patients and their families, providing necessary information and support.

Adherence to Protocols:

- Adhere to infection control policies and procedures.
- Follow established protocols and guidelines to ensure patient safety and regulatory compliance.

Professional Development:

- Participate in ongoing training and professional development opportunities.
- Stay informed about advancements in nursing practices and healthcare technology.

Qualifications:

- Diploma or degree in nursing from an accredited institution.
- Current nursing license in national regulatory body.
- Proven experience as a Nurse Assistant or in a similar role.
- Strong knowledge of nursing care methods and procedures.
- Excellent communication and interpersonal skills.
- Compassionate and empathetic approach to patient care.
